Three Cheers for Belton Large Crowd Present and Great Enthusiasm.

Special by Telegraph to the Intelligencer.

BELTON, S. C., August 30, 12 M. The mass meeting at Belton to-day is grand success. The uttermost enthusiasm is manifested by the crowd in attendance which numbers about fifteen hundred per sons. Of these about five hundred are colored people, who seem very much interested in the speaking. The town is aglow with excitement over the meeting, and perfect order has so far marked the proceedings of the day. The ladies are out in full force to give the approbation of their smiles to the occasion. There are about four hundred mounted men in attendance. The speaking so far has been warmly received, and has elicited round after round of applause. Messrs. D. Wyatt Aiken, James A. Hoyt, John B. Moore, R. W. Simpson, W. D. Wilkes, E. B. Murray and the County can didates are the orators of the day. The

meeting is presided over by W. C. Brown. A sumptuous barbecued dinner in waiting for those present, and the arrangements of the day are in every respect first rate. Anderson Cornet Band in attendance. M.

FUNERAL OF GEN. WAGENER.

The mortal remains of Gen. John A Wagener were deposited in their last resting place in the Lutheran Cemetery at Walhalla on last Tuesday morning. A very large concourse of people, composed of all classes and orders of Walhalla and vicinity, attended his remains in procession from Biemann's Hotel to the Lutheran Church where his funeral services were conducted by the Rev. J. F. Probst in the German language, followed by Dr. J. P. Smeltzer in a discourse in English, after which his remains were taken charge of by Blue Ridge Lodge, No. 92, A. F. M., and buried with the usual ceremonies of the order, which were solemn and impressive.

BUSINESS SUSPENDED.

The merchants and business men of An derson have agreed to close their places of business from to-morrow (Friday) evening until Monday morning next, in order that every one may have an opportunity for enjoying to the fullest extent the great mass meeting on Saturday. This patriotic and unselfish conduct on the part of our merchants deserves recognition, and we take pleasure in placing the fact to their credit before the public. By means of self-sacrifice and earnest devotion to the cause of good government, we can surely and certainly gain the victory for Hampton and

GERMAN LUTHERAN SERVICES.

The German immigrants in this neighborhood enjoyed the privilege of religious services in their own language on Sunday last. The services were held in the Presbyterian Church at eleven o'clock, and were conducted by Rev. J. F. Probst, of Walhalla, who nary of the Evangelical Luthe ran Synod of South Carolina, and has been engaged for some time in preaching to the Germans throughout the up-country. Mr. Probst organized a congregation in regular order, and afterwards administered the Lord's Supper to thirty-two communicants. The services were solemn and impressive, and witnessed by a number of our citizens. The immigrants regard this privilege with great delight, and we are glad to know that arrangements have been made to secure the services of Mr. Probst at regular intervals. He will preach again on the fourth Sabbath in November to the immigrants around Anderson, and we learn that he devotes one Sabbath in every month to missionary labors of this kind. Besides the spiritual benefit which must be derived from such privileges, the regularity and certainty of these services will tend to make these people more contented as strangers in a strange land, and we are gratified to know that the prospect for these advantages is now assured through the labors of Mr. Probst, who is a gentleman of fine intelligence and exalted character. Persons who are employing German laborers in this section will extend the notice of the November meeting, and will doubtless aid most cheerfully in affording their employees an opportunity

for its enjoyment.

THE NEW TOWN COUNCIL. On Tuesday last the new Town Council assumed control of our town affairs, and is organized as follows: Wm. McGukin, Intendant; John McGrath, N. K. Sullivan, John R. Cochran and W. F. Barr, Wardens. As soon as the new members were qualified, the Council addressed itself to the adoption of some practical measures of reform, the first of which was the abolition of the Clerk's position. The duty of assessing personal property was devolved upon the town marshal, and the remainder of the Clerk's duties were devolved upon the Intendant, who agrees to do the work without salary. The next matter considered by them was the marshaling of the town. The present Council reduced the number of marshals to two, with a salary of six hundred dollars for the Chief and four hundred for the Assistant. Under this action the Council elected Mr. N. W. Grant Chief and Mr. William Turner Assistant Marshal. The saving to the town in the items of Clerk and Marshal's salaries alone is over four hundred dollars. The Council will enter at once upon the work of reform, and we have no doubt the government of the town will be as economical and as efficient as could be wished. The working of the streets is the next subject of importance, and we hope an entire change will be made in the present plan of work. One of the town mules should be sold, and the number of standing street hands should be discontinued. Hands ought to be employed only in certain seasons of the year which are favorable for work, and then when no work can be done the town should not pay them to idle. We learn that these are the views of members of the Council, and will doubtless be carried E. B. Murray, of Anderson, addressed the out. So far we must say hurrah for the new Council.

FORK DEMOCRATIC CLUB.

The regular meeting of this Club took place on Saturday last, 26th inst. Among other business transacted, it was decided to unite in the grand procession at Anderson on the 2nd September, and the members will meet at the Three-Mile branch west of the town at 9 o'clock. Mr. A. J. Watt delivered an enthusiastic and stirring speech to the Club. It was also decided to have a general mass meeting in the vicinity of Double Springs Church on the fourth Saturday in September, beginning at 10 o'clock a. m., and all of the candidates are respectfully invited to attend. We would call attention of our colored friends to the sensible cards from colored men, which appear elsewhere. Reflect upon the thoughts presented in them, and join the common movement for reform. It will benefit you and your children after you.

We understand that a prominent Republican of this place has said that our torchlight procession the other night was a failure. If it was a failure, we would like to see a success, as we imagine it would be a big thing. Perhaps "that load of hay" interfered with his vision. If he will come out from under "that hay" on next Saturday we will try and show him a success.

Every farmer and land-owner in the County ought to make strenuous exertions to secure the attendance of laborers and tenants at the mass meeting on Saturday. The colored people need instruction in this crisis of our polilitical history, and we are confident the invited speakers will be prepared to give sound and wholesome reasons for their co-operation in the great work of reform. Urge the colored population to attend and hear the truth.

In taking the census of Belton township, the Belton Club inquired the politics of every man. There was an old lady asked by the census taker, "What is your son's politics?" She replied that she had only one son; that he was a Democrat, and she wished she had a thousand more, for they would all vote the Democratic ticket. When our ladies become interested in politics, they carry their families with them. We wish all of them were as enthusiastic as the lady of whom we speak.

There was a union basket picnic of the Grangers and Democratic Club of Rock Mills township at Providence Camp Ground on last Thursday. Col. D. Then followed a good dinner, such as the ladies of that vicinity are gifted in preparing. Great enthusiasm was manifested on every hand, and the action of the State Convention was warmly endorsed. The following preamble and resolutions were submitted to the meeting, and unanimously

MESSES. EDITORS: There is a report current that I have been organizing a colored rifle club in this County. I wish to take this opportunity to emphatically deny this report. I am in favor of the colored race living in harmony with the white people of our country, for I have found them to be our best friends. There is no reason why we should be at difference, for our interests are the same. What injures us injures them, and what injures them will certainly injure us also. I am not a member of any Democratic Club, but intend to join one, and would take this occasion to urge my people to go with our native white citizens. We will lose nothing by such a course, but will best interests of our State. We ought to help put a stop to the present corruptions of public men, and the Democratic party is the party which will give honest government and justice to all men.

TO THE COLORED PEOPLE.

MESSES. EDITORS: Please allow me space to address a few words to the people of Anderson County, and especially to the colored people, upon the political situation of our State. It pains me to see the trouble and wrong which the colored people of South Carolina are bringing upon themselves and our State by supporting for office the corrupt and selfish white and black leaders who have misled them since reconstruction. I am proud to say that I have never voted for one of the political ring tickets. These leaders who care nothing for us are producing strife between the races to advance themselves to office, and whenever trouble comes they leave the colored men to suffer for their crimes. They only desire to use us for their own interests, and care nothing for us as a people. Our school monies are squandered, and our children go uneducated. If umph is predicted for this State. Let us try the Democrats one term and see if they will not do better. THE HERO STEAM ENGINE AND BOILER

Designed and built expressly for driving Cotton Gins. Guaranteed superior to any Engine built in the United States, for same purpose, and at same price. Boiler made of very best boiler-plate iron. Tubes of best lap-welded iron. The base, or foundation of boiler, is of that peculiar formation as to make it perfectly secure and tight, and safe as a stove. Compare dimensions of this Boiler and Engine, and all its parts, with any other Engine of like build, rated at same horse-power—compare, also, material and the workmanship with any other, and then make your verdict.

GET OUT OF DEBT! GET OUT OF DEBT!! We have given liberal credits the present, as well as past years, and the time for collecting our Money has about arrived, as we are not going to wait much longer before sueing, and trying what virtue there is in law, as much as we hate to do so. We earnestly call upon all, and no person is left out who owes us a cent for Merchandize or Guano for the present or past years, that they must pay us up out of their first gathering of Cotton this fall, and if no Cotton, WE WILL TAKE THE MONEY! Times are hard, we admit, but we cannot help it. We have to pay our own debts promtly, and it is reasonable that we should expect pay from others. The longer you let your debts stand over the harder they are to pay

from others. The longer you let your debts stand over, the harder they are to pay WE WANT OUR MONEY-DON'T FORGET IT! We have a large stock of Goods on hand, and solicit the patronage of prompt paying BLECKLEY, BROWN & CO.
